

PRESS ASSOCIATION

ADVANCE GUARD ARRIVED LAST NIGHT.

William H. H. Judson, Bessemer Weekly, and Walter S. Gilbert Bessemer Daily Times, First to Get Here.

The Advance Guard of the Alabama Press Association arrived in Dothan last night, William H. H. Judson of the Bessemer Weekly and Walter S. Gilbert of the Bessemer Daily Times being the first arrivals at 8:40, followed on the later train by Jacob Pepperman, Secretary of the Association and his wife, and J. D. B. Rutherford.

A large number will arrive on the 8:40 tonight while on the later train, practically all will put in their appearance.

Everything Ready.

Everything is ready for the editors, homes have been secured for all and there is no question but what the representatives of the state will leave this city charmed by their reception and entertainment while here.

Tomorrow's Feature.

The feature of the first day's session will be an address, "Journalism," by C. T. Mooney, Editor of the Commercial Appeal and one of the South's most gifted orators.

The meeting will be called to order at the Court House at ten o'clock, when A. E. Pace will welcome the distinguished guests to the city. The response will be made by R. E. L. Neil of Selma, after which the convention will go

into regular order of business.

The Program.

The following is the program of the meeting in full, added to which are the numerous features gotten up by the Commercial club.

Called to order at 10:30 a. m. by President J. C. Lawrence, Union Springs.

Invocation.
Address of welcome on behalf of the city of Dothan by Capt. A. E. Pace.

Response for the Alabama Press Association by Past President R. E. L. Neil, Times, Selma.

Calling roll and collection of dues.

Annual address of the President J. C. Lawrence, Union Springs.

Annual report of the Secretary, Jacob Pepperman, Montgomery.

Annual report of the treasurer, Frank Crichton, Clanton.

Report of the Executive committee and election of members.

Appointment of committees.

Introductions of resolutions, etc. to be referred without debate.

Approval of minutes of the last annual and special meetings.

Annual oration by C. F. Striplin, Ashland Standard.

New business.

Announcements.

Recess for dinner.

Afternoon Session—First Day.

Convene at 2:30 p. m.

Reports of group vice presidents.

Annual poem, E. R. McCarty, Demopolis Times.

Address on "Journalism," by C. P. J. Mooney of the Memphis Commercial Appeal.

A paper: "The Government as a Competitor in Envelope Printing," by L. S. Deal, Dothan Home Journal.

Discussion.

Announcements.

Adjournment.

Second Day—Morning Session.

Convene at 10 a. m.

Roll Call.

Unfinished business.

New business.

Historical paper by Maj. W. W. Screws.

Report of committees.

Annual essay by Hon. Walter S. Smith, Lineville Headlight.

Report of legislative committee.

IMPORTANT MEETING OF CITY COUNCIL

BONDS SOLD. ENGINEERING BIDS REJECTED

SALARIED MAN TO BE EMPLOYED, POWER QUESTION STILL UNDER CONSIDERATION

OTHER MATTER DISPOSED OF. NIGHT ENGINEERS SALARY RAISED

THE CITY COUNCIL AGAIN GETS BUSY

Matters of Great Importance Are Discussed and Acted Upon.

The City Council had a busy time yesterday afternoon and last night. Yesterday afternoon the various committees of the council met at three o'clock to consider matters that had been referred to them and were in session until eight o'clock last night. The members then hurried home and returned to the meeting of the regular council at 8:45. This meeting was an adjourned meeting from last Monday night. There were present A. Y. Malone, President, and Aldermen J. W. Grant, W. C. Fenn, B. R. Pilcher, A. Black H. Watford, A. D. Whid, Jon. C. C. Hughes, Mayor Baker and Attorney B. F. Reid.

The minutes of the last meeting were read, amended and adopted. Dr. J. L. Ellis appeared before the council and asked that a water pipe and electric wires be extended down Luna street from West Main for a short distance to supply light and water to the new houses which he has just erected. The matter was referred to the Water and Light Committee with power to act.

Mr. W. B. Jarvis appeared and asked for an arc light at Westover. Referred to Water and Light Committee.

The request of Mr. Parish for \$25.00 compensation for taking the colored census while making a city directory was referred back to the council by the Finance committee. The council refused the request.

Mr. Rapport asked that "The Council give the Street Committee special attention and see that they have the sidewalks cleaned up properly on account of the editors visit." Mr. Watford Chairman of this committee arose and stated that a large force of workmen had been busy ten days cleaning the streets. He also asked to know if Mr. Rapport was before the council as a representative of the Commercial Club. Mr. Watford stated that the Club had been pushing them up on the matter for some time and he wanted to know if they were still after them. It was his opinion that every councilman should be made to serve on the Street Committee at least one term.

Mr. B. R. Pilcher, Chairman of the Water and Light Committee, asked that 50 light poles for use in the business district be purchased at once. Extra size and length poles were needed and it would take some time to get them. The council decided to wait until the engineering work had been done before doing anything about the matter.

Mr. J. W. Grant was called to the chair and Mr. Malone took the floor and asked that a fifty cents fee for cutting off light current be refunded Mr. W. M. Louis. There were circumstances that he thought justified this, but the Council decided to stand by their ordinance, so the City kept the money.

Mr. W. P. Pruitt asked permission to be a member of the council. (Continued on page four)

NOTHING DONE ON THE POWER PROPOSITION

Committee Asks For More Time To Consider Important Proposition.

The propositions of the Abbey Creek Power Company and the Choctawhatchee River Light and Power Co. were reported to the Council last night by the Judiciary committee, the committee asking for more time for their consideration.

The Abbey Creek Power Co. made a very general proposition, not naming any definite figures. They offered to buy the plant and property of the city at a reasonable valuation, the value to be determined by a committee of three, one appointed by the council, one by themselves and the third to be selected by the first two. They offered to lease the plant and property of the city at a reasonable rental, based on the value of the property, for a term of thirty years. They offered to furnish the city with as much as 2,000 horse power of electrical energy delivered at the switchboard in the power house at a rate not to exceed two-thirds of the present cost of generating power by the city. All three of their propositions carried with them a franchise for an electric car line in Dothan.

The Choctawhatchee River Light and Power Co. made a straight offer to sell the city 300 horse power of electrical energy delivered at the city switchboard for a straight price of \$14,000.00 per annum. This power to be used for lighting purposes, but the Company to have the sole right to furnish power for manufacturing purposes within the city. This rate of \$14,000.00 for 300 h. p. of energy is equal to less than 3-4 of a cent per K. W. hour.

The Committee will be very slow in making a trade, as they want to make one on the same basis that other towns are getting their power. Albany is getting their power at a flat rate of 1-2 cent per K. W. Hour and "clears about \$18,000.00 per annum on the deal. Montgomery will receive proposals on the first of the month for 1,000 H. P. and the committee are waiting to see what kind of a rate Montgomery gets before they trade.

Altogether they are acting very wisely. The question is a big one and means much to Dothan's future and hasty action now might be disastrous for the future. The public may rest assured that no trade will be gone into hastily and that when a trade is made, it will be a good one for the town now and for the future.

Anyone desiring information as to the work or work of the Andrew Safety Appliance Co. will take the matter up with G. W. Mullien, my authorized agent.

J. C. Andrew, President, The Andrew Safety Appliance Company. 14to16

FOR SALE—My residence, No. 57 S. Oates street. Sanitary connection, electric lights. Geo. W. Kelley. Jaltto1714

FIRST NATIONAL BANK BUYS THE BONDS.

Local Institution Pays More Than Was Offered By New York.

The City Council last night sold the Light, Water Sewer and School bonds to the First National Bank of Dothan, at 100.68. This was a better price than New York men offered. The total amount of bonds was \$65,000.00, being \$20,000.00 for water, light and sewer extension; \$20,000.00 for paving and \$25,000.00 for a High School building.

The finance committee had a lengthy meeting yesterday afternoon. There were present at this meeting, Mr. J. R. Young, representing the Houston National Bank; Mr. J. R. Faircloth representing the Dothan National Bank and Mr. G. H. Malone representing the First National Bank. The Third National Bank was not represented though they had been invited to have a representative there. The bidding for the bonds was lively and keen but finally narrowed down between Messrs. Malone and Faircloth. Mr. Malone winding up with the highest bid. At the Council meeting last night this bid, 100.68, was laid before the council and accepted by them.

This transaction shows more than anything that has happened in a long time what rapid strides Dothan is making in a financial way. Three out of four banks bidding for our bonds, \$65,000.00 worth of them, too, and all offering more than New York would, the highest price offered there being 97.

A Proviso.

Bride—"Here is a telegram from papa."

Bridegroom (eagerly)—"What does he say?"

Bride (reads)—"Do not return and all will be forgiven."—Chicago Record-Herald.

CITY MARKET PROJECT PROBABLY ABANDONED

No Action Taken in the Matter Last Night, Nor is it Likely To Be Soon

The plan to establish a City Market in Dothan has probably been abandoned, at least no action has been taken in the matter or will be taken soon. The committee having the matter in charge are making a thorough investigation of conditions in other cities and what they have found there is responsible for nothing being done here.

The committee has found so far that City Markets are a failure. They tried the plan. They built a nice building and started off fine. A new administration came into office which did not want the market. Today the market is being used as a store room for the city cars, tools and other things.

Montgomery invested \$15,000.00 in a new building. A new administration came into office, ordinances compelling market men to use the market stalls were repealed, the markets went back to all parts of the city and today there are just three stalls in the building rented. Dothan cannot afford to spend a lot of money in this way for some future administration to practically throw away as has been the case in other towns. This is the view the committee takes of it and it is a wise one.

ALL ENGINEERING BIDS ARE REJECTED.

Committee Recommends Employ- ment of Salaried Man and Council Approves.

The Judiciary committee reported to the Council last night that they had rejected all bids for the engineering work in connection with the water, light, sewer and paving construction and had decided to employ a competent man

LAST CALL FOR LADIES HATS

Miss Coburn will be here only 5 days more. If you want her to make any change in your hat, she must have them by Wednesday of next week. You can buy hats now cheaper than you think, about half price.

If you need anything more in this line we will certainly appreciate it if you will call at once.

No hats exchanged nor returned after Miss Coburn leaves.

Yours truly,

M. CHERRY

It is said that Senator Stone has an unimpressive poker face but doesn't use it much for that business.

MAY EXPLODE AT ANY MINUTE

An Omaha girl swallowed a lot of gun cotton, and now she is being handled carefully lest the stuff go off at any minute. She was first put on a swinging hammock but later transferred to a spring bed where no possible jar could cause the gun cotton to get excited.

Many of the newspapers which are saying mean things about Mark Twain, and accusing him of plagiarism, don't know what they are talking about. The trouble with a good many writers is that they glance over the headings of news stories, and then go ahead with their comments, heedless of the facts. Mark is not guilty of plagiarism, and if he committed an offense at all, it is purely a technical one. He quoted from an English book, giving credit to the book, but not to its author. It is as though the Gazette quoted something from the Hutchinson News, and gave credit to that paper instead of to Hon. Bill Morgan. The whole fuss has been kicked up by a Britisher who wants advertising, and has been carried on by American newspaper writers who find pleasure in nagging at great men. The biggest honor that beef-eater ever had, or ever will have, is the fact that Mark Twain borrowed a few pages from his book.—Emporia Gazette

FIRST IMPRESSIONS.

One reaching Dothan the first time is impressed
1st That notwithstanding the hot sun that so liberally sheds its effulgence at this season over the city and converts its macadam into yielding soil, with the fact that there is life here the kind of life that makes the world move and communities grow
The merchants at six in the morning are up and doing their stores open swept out and displays made and ready for customers
Other cities of similar size and station and presumably more enterprising are at that period of the day dormant than ever hunters and business men still lolling on their couch
With the evidence apparently universal that though Dothan may yet be in her swaddling clothes, with ungraded streets and irregular curbs and walks, yet the spirit of progress and development is evident it is evident that she is rapidly doffing them and will soon emerge resplendent in the glory and certainly one of the leading cities in the state
3rd The generous, outspoken greeting and hospitality of her citizens eager to take the stranger in and share their best with him
4th With that restless, tireless energy and firm determination of her leading men to advance the city to the forefront with her sister cities in the ambition to make Dothan a name and fame in the galaxy of the best
And what is there to hinder—who are they to say nay?
As we approach Dothan, one of the prettiest sections of the state

greet us, a beautiful rolling picture and fertile land with forest and woodland and broad and fertile fields showing concrete evidence of the fertility of the soil and some of the finest crops from the northern line of the state here

LOOKS GOOD.

Mr J T Andrew, President of the Andrew Railway Safety Appliance Company has been in the city for the past few days demonstrating to hundreds of our citizens his invention which is equipped to a car. When a train of cars equipped with this device from engine to the rear of the train, he proves most convincingly by his work that nothing of a harmful nature can result to any part of the train or to the tracks or railroad beds of Railroad from any derailment

This work has been tried out on a Standard gauge car nearly a hundred times without having had a penny's worth of damage to either car equipment or to track. It will certainly be a great blessing to mankind as soon as this device is applied to trains. The demonstrations were certainly made over the most extreme tests and trials, through switches spread tracks broken tracks, in fact in every way possible, and the car worked with such precision and accuracy that no one can be found here who questions the efficiency of Mr Andrew's work

The more babies, the better. What is prettier or more attractive than a baby show

EDITORS, HOW ABOUT THIS?

A printer, experienced and competent in all departments of country shop steady, reliable, no booze or cigarettes wants steady position in south or middle Alabama. Can manage shop. No \$10.00 jobs. Apply at this office

Be sure and enter your baby for the baby show. The babies will enjoy it

MOVING TO-DAY

The First National Bank is moving into temporary quarters in the office in the rear of their new building corner of Main and Foster streets. As soon as the building is completed they will move into their new permanent quarters which will be the equal of any in the state in the way of appointments

The offices which they will occupy for the present will be occupied by the Dothan Guano Company

We want every baby in town to take part in the baby show Friday afternoon

FIRE YESTERDAY

AFTERNOON

Dothan's Newest Occupied by D. O. Trammell and Owned by A. W. H. Carr.

Shortly after five o'clock yesterday afternoon fire destroyed the one story, five-room house at 14 Pine street, occupied by Mr D O Trammell and owned by Mr A. W. H. Carr. The house and contents were practically a total loss. Mr Trammell carried some insurance on the household goods but it is not known whether or not there was any insurance on the building.

When the fire was discovered the house was burning fiercely on the interior. It is not known how it originated.

The fire department was quickly on the scene and soon had a stream of water on the fire. But the interior was a mass of flames and little could be done to save the structure. From one room another the men fought their way only to have them work to do over again as the flames had eaten their way between the walls and would break out again in a few minutes. When they were finally put out little remained of the house.

Only a small portion of the household goods were saved. After the department arrived some of these were fished out of the windows and doors by means of ladders and hooks.

Fortunately there was little or no wind blowing and an adjoining house within a few feet of the burning building was saved with out a scorch.

A TREAT IN STORE.

Next Wednesday night the Southern University Male Quartette will appear at the Elite theatre.

Dothan people have always been partial to quartettes. The one coming is said to be one of the best that has ever been to Dothan and are delighting every audience which they appear before on their tour.

The organization is composed of Messrs H T Stout, Bass and manager H H McNeill, first Tenor F L Pringle, second Tenor and B E Feagin Baritone. Mr McNeill is an old Dothan boy and will be remembered as the son of Rev H H McNeill who was for a long time pastor of the Foster Street Methodist Church. Seats will be on sale at Smith-Ding Store. Admission children 25c. general 50c. reserved seat 50c.

WELCOME EDITORS

Make Our Store Your Headquarters

The 25 per cent reduction made on clothing was the means of selling many suits, but as the weather grows warmer, we feel more like continuing to sell all of our clothing one fourth less than the regular selling price.

All goods marked in plain figures. Same price to all. One man's dollar buys as much as another's at our store

SUIT CASES AND BAGS

We have received two shipments of Suit Cases and Bags, and you know when traveling one is judged as much by his suit case as by the clothing he wears. Ours range in price from \$3.50 to \$25. We can please you in this line.

BATHING SUITS

We anticipated the demands for bathing suits and have put in well selected line, prices from \$1.50 to \$2.50 a suit. Come by and look in on them.

The City Council Gets Busy (Continued from page one)

son to go ahead and use his driveway which the City Health Officer had forbid. He stated that there were wells being used in his neighborhood and that he ought to be allowed to use his. The council decided to uphold the health officer and get after the other users of dry wells.

The salary of Mr. C. L. Palmer, night engineer at the power house, was raised from fifty to six dollars per month.

The Finance and Judiciary committees made reports which are given elsewhere.

A number of bids were ordered paid and on motion the council adjourned.

Bids Are Rejected

Rev. W. M. Anderson has returned from Shocomb where he conducted one of the most successful meetings ever held in the town.

Rev. Anderson will leave Thursday morning at 5 o'clock for Chicago where he will spend the summer in the University. He will be present at the prayer meeting Wednesday night at which service he will baptize all the candidates that are ready.

When Mr. Rapport asked the Council last night to "Give the Street Committee special attention"

DIXIE BEVERAGE CO.

GRAND OR UPRIGHT
PIANOS

When you buy, why not buy the best, the KNABE is said to be the "World's Best Piano" by those who know, the difference in price is very small compared with quality, durability, tone, and case design. They are pianos that appeal to musical sense. Don't forget that we can sell you any price or style in instrument made "prices" and terms unequalled.

SOCIETY.

SMITH'S DRUG STORE

Tomorrow, Wednesday, this popular Drug Store will have a added attraction by the presence of a committee of young ladies representing the Young Woman's Auxiliary recently organized in this city. Mr. Smith has kindly offered the membership a per cent on all sales tomorrow and many are expected to avail themselves of an opportunity to help such a worthy cause. These young ladies are bonded together to help along the great Woman's Mission and work of the Baptist church and will appreciate the patronage of the good people of Dothan.

Rev. W. S. Poyner and bride arrived last night. They will make their home with Mrs. R. H. Walker on North Oates street.

THE BABY SHOW

The following is a list of the babies entered for the baby show Friday afternoon. There will probably be more names added to the list tomorrow.
